WHAT WE DO

Three ways to *work together*.

Every engagement is scoped to where you are and what you need. Start with a Sprint. Go deeper with a Study. Build ongoing capability with a Partner.

- Signal Sprint · 1–2 weeks

• Signal Study · 6–12 weeks

• Signal Partner · Monthly retainer

Fast, focused. One key question answered.

When a decision can't wait. A Signal Sprint delivers a clear consumer read on one defined question. Choose the type that fits where you are — an Audit to map your gaps, a Read to answer one pressing question, or a Test to validate a concept or positioning. Every Sprint ends with a strategic brief and a clear path forward.

IDEAL FOR

Teams facing an immediate consumer question — or anyone who wants to see how we work before committing to a larger project.

SPRINT OPTIONS

- 01Signal Audit — consumer gap diagnostic
- 02Signal Read — one question answered
- 03Signal Test — one focused consumer test

TIMEFRAME

1–2 weeks

MOST ENGAGEMENTS DEEPEN FROM HERE

A NOTE ON RESEARCH

Not every engagement requires new research. When it does, we design and oversee it — from qualitative interviews to quantitative concept testing and segmentation. Research costs are always scoped separately and passed through transparently.

Not sure where to start? A Signal Sprint is the lowest-risk way to find out.

ABOUT TRUE SIGNAL

Built by someone who has *lived inside the problem.*

A LETTER FROM THE FOUNDER

I kept seeing the same gap — businesses exceptional at what they make, with *far less clarity on who actually buys it.*

That pattern showed up everywhere I worked — consumer goods, food and beverage, manufacturing, entertainment. Brands at every stage from emerging to established. The consumer was an afterthought until it became a crisis.

True Signal exists to change that — to bring senior-level consumer strategy thinking to the businesses that need it most, without the big-firm overhead, the junior teams, or the bloated timelines.

— Jessica FOUNDER

WHAT MAKES US DIFFERENT

01

Cross-industry pattern recognition

We've seen how consumers behave across categories most specialists never bridge.

02

Judgment over process

We translate insight into decisions — not just decks that gather dust on a shelf.

03

A senior strategist, not a team

You work directly with someone who has done this across categories — no junior translation layer, no learning on your dime.

CLIENT PERSPECTIVE

What it's like to work with us.

We'll fill these in as engagements complete and clients are open to sharing.
